The Core Course

This course is modeled on the Core Course of Group Psychotherapy designed by the American Group Psychotherapy Association. Upon its completion, participants will have met the core course requirement of the National Registry of Certified Group Psychotherapy. Class discussion will include a didactic component, utilizing the clinical experiences of participants. Active engagement in these discussions is expected. There will be assigned reading and four brief writing assignments.

Learning Objectives

Participants will be able to:

1. Discuss the five areas of group psychotherapy principles as defined by the American Group Psychotherapy Association and the National Registry of Certified Group Psychotherapists.
2. Apply these principles to clinical situations in groups they conduct or may conduct in the future.
3. Critically examine specific problems in the conduct of group psychotherapy.

Faculty

Farooq Mohyuddin, MD, CGP is the Director of the Psychiatry Residency Program at St. Elizabeth’s Hospital. He is also on the faculty of the Group Psychotherapy Training Program at the Washington School of Psychiatry. His interests include teaching, group psychotherapy and psychopharmacology.

Eligibility And Selection

This course is intended for any interested practitioner of group therapy, regardless of professional discipline. Non-clinicians with an interest in group process may apply and be considered on a case-by-case basis.

CE/CME Award
