

**FACULTY DISCLOSURE FORM**

The Washington School of Psychiatry must ensure balance, independence, objectivity, and scientific rigor in all its individually-provided or co-provided educational activities. All faculty participating in a sponsored activity are expected to disclose to the activity audience any significant financial interest or other relationship (1) with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in an educational presentation and (2) with any commercial supporters of the activity. (Significant financial interest or other relationship can include such things as grants or research support, employee, consultant, major stockholder, member of speaker's bureau, etc.). The intent of this disclosure is not to prevent a presenter with a significant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the presenter's interests or relationships may influence the presentation. In addition, presenters must make a meaningful disclosure to the audience of their discussion of unlabeled or unapproved drugs or devices.

**TERMS AND CONDITIONS FOR FACULTY REGARDING COMMERCIAL SUPPORT RULES**

**Disclosure.** Speakers/authors must complete and submit the Disclosure Statement prior to the presentation, and ensure that the Disclosure Statement is complete and truthful to the best of the presenter's knowledge. Faculty members are required to disclose any financial relationships they may have with a manufacturer of any product or class of products they discuss in an educational activity.

**Fair Balance.** Speakers/authors are required to prepare fair and balanced presentations that are objective and scientifically rigorous.

**Unlabeled and Unapproved Uses.** Presentations that provide information in whole or in part related to non-FDA approved uses for drug products and/or devices must clearly acknowledge the unlabeled indications or the investigational nature of their proposed uses to the audience. Speakers/authors who plan to discuss non-FDA approved uses for commercial products and/or devices must advise The Washington School of Psychiatry of their intent.

**Use of Generic versus Trade Names.** Presenters should use scientific or generic names when referring to products in their lectures or enduring materials. Should it be necessary to use a trade name, then the trade names of all similar products or those within a class should be used.

**Commercial Supporter Influence.** Faculty members are not permitted to receive any direct remuneration or gifts from the commercial supporter(s) of this activity as it relates to this specific activity, nor should they be subject to direct input from a commercial supporter regarding the content of their presentations.
